**Special Pre-Season Prices on Beautiful Flowering Shrubs**

**ALTHEA, ROSE OF SHARON**

For a sturdy, tall growing shrub, the old-fashioned Althea is very effective and popular. The large Hollyhock-like flowers blooming in July and August make this shrub one of the highlights of your planting and you will especially appreciate them as they bloom at a time when so few other shrubs are in flower. Planted Altheas in groups of three or four on your farm and help to keep your place alive during the warm summer days. Every plant is a healthy, two-year shrub and if you order now you may have four in your choice of color, for only $1.00.

4 ALTHEA $1.00

**HYDRANGEA P. G.**

Hydrangea P. G. is the loyal standby of every landscape gardener. This shrub covers a large blooming period that you could not well be without it. The large flowers are first a pale green in July, gradually turning white and then a rich old-rose color. This makes a perfect place in which to live. Make a large planting of Purple Lilacs this fall and send us your order today.

37c Each—3 For $1.00

**SNOWBALL**

Of bushy form, this shrub bears small pink flowers in June and July which are followed in the autumn by waxy white berries that remain on the plant fur into the winter. They are excellent. Our regular catalogue price for these fine two-year shrubs is 75c each but if you will send in your order now, you may have all you have room to plant, for only $1.00.

**HARDY NARCISSUS**

Hardy Narcissus should have a special place in your planting plans. Place this fall for best next year. Their blooming, as they do in Kettl Valley among the first of the early spring, brings flurries of the same. **Daffodil** blooms to particularly arbitrary situations, giving function of the comfort and savor of good things to come, so that we cannot afford to be without them. The Hardy Narcissus, hardy and sturdy, will perform where no other flowers will do so well. In no other florist's book, under trees and shrubs. They are particularly hardy and strong, flower early, filled with the promise of the blossoms, garlands, waltzes, scattered with their wide potentialities and for general planting whenever a certain color is desired. Dying is the rebirth against the impartiality of these bulbs. It is impossible to say when, from Holland, or Europe, or America, will be had at considerably higher prices than we need to say for the Holland stock, as it is our custom, compared with Europe in the matter of cheap labor. However, through large purchases and close pricing we have bought one of the finest bullions of the Narcissus.**

**EARLY SINGLES TULIPS**

Not only are the Early Singles the first Tulips to bloom but they also offer the most brilliant and complete color range of all Tulip varieties. You can actually support three different Tulip varieties at once and with the same flower color, which is a real bonus. Early Singles are most beautiful when used as smaller specimens in unbroken border and for general planting wherever a careless effect is desired. A well shaped white Tulip, the edges of the delicately pointed petals with such colors as these you can arrange in matchless combinations and effects. Peony Tulips have come in your garden. Delicate lavender, old-rose, salmon-pink, pink, ruby carmine, deep red, brilliant scarlet, gold, golden yellow, maroon-black, maroon-black Darwins and the final touch to the picture, serving to balance the distinctively different—you have it in this graceful Darwin, La Picotee. If you are looking for something odd and unusual—if you want a special place in your planting plans. Place this fall for best next year.**
